

-BUSINESS SUBJECT GUIDE-

I have not included any specific titles in this guide because I have found that if someone has one or two titles in hand and they are not there, most will leave empty-handed. I have written the classification number for each topic within the subject category: Business. Please browse the books in the Library using this document as a guide for the information you seek. Electronic sources are listed at the end of this document.

Business Management	HD30.15+, HM786
